

A NOTE FROM THE KITCHEN TABLE

Mom does the stitching. We do the typing.

Lusik came to Los Angeles from Armenia in the late 1970s with a cross-stitch hoop and the way of working her mother and grandmother had taught her. She lived in East Hollywood, the neighborhood people call Little Armenia, and later moved south to Orange County, where she stitches today.

One letter, one small X at a time.

Every piece in this brochure is made by her own hand at the kitchen table in Buena Park. She works on one order at a time and checks each piece herself before it goes in the box.

Her sons built the website and put this brochure together. If you have a question, one of us will answer it. If it is a question about the stitching, we will go and ask her.

Every piece is made to order. The time each one takes is printed beside it inside, and it does not include shipping. If you need something by a certain date, call before you order.

Colors vary. Thread, yarn, and fabric shades change from batch to batch, so your piece will not match a photo exactly. Please read the note inside.

LUSIK ————— & SONS

U F Q

*Baby blankets and bibs,
cross-stitched by hand.*

THE BLANKETS

The first letters a child learns.

The Armenian Alphabet Blanket

Ա Բ Գ in Armenian, or A B C in English. Lusik cross-stitches the three letters twice, along two diagonals that cross the blanket corner to corner, onto soft cloth woven with a small pomegranate pattern. Satin backing, fringed edges, 52 by 52 inches. Add a name or a year if you like.

◇ ALLOW 4 TO 6 WEEKS COLORS VARY

The Full Alphabet Crib Blanket

Every letter of the Armenian alphabet, all thirty-six, hand-knit into a crib blanket and finished with a crochet edge and a satin backing matched to the body. Blue, pink, lavender, mint, yellow, or dusty rose.

◇ ALLOW 10 TO 12 WEEKS
COLORS VARY

About the colors

Please read this before you order. Lusik works from the yarn and thread she has on hand, and dye lots change from one batch to the next. The piece you receive will be close to the photos here and online, but it will not be an exact match, and no two pieces are ever quite the same. This is true of every blanket and every bib we make. If a particular shade matters to you, call or message us first and we will tell you what she has.

THE BIBS

Small pieces for the biggest hours of the day.

The Days of the Week Set

Seven bibs, Monday through Sunday in Armenian, one word on each: Երկուշաբթի, Երեքշաբթի, Չորեքշաբթի, Հինգշաբթի, Ուրբաթ, Շաբաթ, Կիրակի. Hand cross-stitched in the thread color you choose. A baby shower gift that opens like a calendar.

◇ ALLOW 5 TO 6 WEEKS COLORS VARY

The Custom Name Bib

Your child's name in Armenian or English, up to six letters. This one is embroidered by machine on purpose, so the name survives the washing machine three times a week.

◇ ALLOW 2 TO 3 WEEKS
COLORS VARY

The Hye Em Yes Bib

Հայ եմ ես, I am Armenian, in the three colors of the flag: red, blue, and orange. Add the matching cap.

◇ ALLOW 2 TO 3 WEEKS
SHADES VARY

TWO MATCHED SETS

Said in two voices.

The Mama and Papa's Anushig Set

Two bibs that take turns. One reads Մայրիկիս Անուշիկը, Mama's sweetheart. The other reads Պապայիս Անուշիկը, Papa's sweetheart. Anushig is the Armenian word for darling. Pink, blue, mint, or yellow thread.

◇ ALLOW 3 TO 4 WEEKS COLORS VARY

The Bari Akhorzhak Set

A bib and a burp cloth carrying the two halves of a grandmother's table blessing. Before the meal the bib says Բարի ախորժակ, bon appétit. After, the burp cloth answers Անուշ ըլլայ, may it be sweet. Add the matching cap with a name or an initial.

◇ ALLOW 3 TO 4 WEEKS COLORS VARY

BY REQUEST

Baptism towels with the child's name and date. Embroidered hand towels. Swaddles and hooded bathrobes with a name on them. Baby caps to match any bib. Ask, and we will tell you what Lusik can make and when.

CARE

Dry cleaning keeps the stitching best. At home: cold water, delicate cycle, tumble dry low, no bleach, and never iron over the stitches.
